

Public Information Meeting for the Maple St. over I-495 Bridge Replacement

What is happening?

The purpose of the Public Information Meeting is to provide the public with the opportunity to become fully acquainted with the preliminary design of the Bridge Replacement in Bellingham, MA. All views and comments made at the meeting will be reviewed to the maximum extent possible.

How will this affect you?

Currently, the bridge's superstructure is in poor condition. This project will replace the bridge to meet today's standards to maintain through-travel on Maple Street. To improve public safety, this project will widen the sidewalk on the bridge, install pedestrian access ramps, upgrade the guardrail, bridge curbing, bridge barriers, and provide bicycle accessibility with a six-foot wide shoulder on each side of the roadway.

When

Thursday, September 19, 2024
7 PM

Where

Bellingham Town Hall
Upper Level of the Arcand Meeting Room
10 Mechanic Street
Bellingham, MA, 02019
