I request that a water meter be installed at this building although I know that it is not secured or heated. I hold the Town of Bellingham DPW completely harmless for any matters arising out of them allowing the meter to be installed in this unsecured and unheated building.

I take full responsibility for any damage to the water meter and for water used should water be run or lost for due to freezing, tampering, or any other cause.

I take full responsibility for any damage to the building that may be caused by frozen pipes.

I understand that if the water meter freezes or is damaged in anyway I will pay all fees and costs to have it replaced and that the Town of Bellingham DPW will not allow occupancy until all such fees and costs are paid.

I understand that if the meter freezes or is tampered with so that it does not read yet water is used at this building the Town of Bellingham DPW will estimate the water used and I will be billed for this water use at the highest water billing block rate.
