CORONA VIRUS UPDATES  
Health Agent, Bruce Wilson, Jr. gave an update on the COVID-19 cases in Town. The number of active cases has been on a slow incline over the past few weeks. As of last week, the Town was considered “high risk” due to the number of new positive cases that have been confirmed. Mr. Wilson told Board members that if the Town stays in “high risk” status, they will have to consider scaling back on the number of customers allowed inside restaurants and establishments to a lesser number.

The Governor’s new orders go into effect this coming Friday, November 6th and include the following:
- All Massachusetts residents are advised to stay home between the hours of 10:00 pm and 5:00 am
- Size limit for gatherings at private residences: indoor gatherings at private residences are limited to 10 people and outdoor gatherings at private residences are limited to 25 people. The limit on gatherings held in public spaces and at event venues remains the same. All gatherings (regardless of size or location) must end and disperse by 9:30 pm.
- Face masks or cloth face coverings are required in all public places, even where they are able to maintain 6 feet of distance from others.

For more information and updates on COVID-19, please check the State website at Mass.gov and the Town website at BellinghamMA.org.

In addition, Bellingham Town officials will be providing a COVID-19 Live update on Comcast Access Channel 8 and Verizon channel 47 each Monday at 10:00 am.

NEW BUSINESS  
ANNUAL REVIEW – HEALTH AGENT  
Board members will complete their employee review forms for Health Agent, Bruce Wilson, Jr. and will email or drop off their completed forms to the office by the end of the week.
OLD BUSINESS
BODY ART LICENSE – ARIEL ROBINSON
Ms. Robinson had previously addressed the Board to ask if they would consider amending the Body Art Regulations, to allow one additional business permit in Town. Mr. Wilson told Board members that he has been reaching out to the current permit holders to see if they will be renewing their permits. So far, the businesses that he spoke to, do intend to renew their permits. Ms. McGovern told Board members that she would like Mr. Wilson to contact the couple establishments he has not heard back from before discussing this further. If one of these establishments do not renew their permit, it would be offered to Ms. Robinson and the Board would not have to consider amending the current Regulations. The Board hopes to have an update for Ms. Robinson at the next meeting, scheduled for November 17, 2020.

CBD PRODUCTS
Mr. Griffin told the Board that he is still trying to get all the information from the CCC (Cannabis Control Commission), regarding some of the questions he had about Hemp and CBD product sales. The CCC said that because these products do contain traces of Hemp and THC, they do fall under the marijuana Regulations in regard to enforcement. The Town can enforce the same fines that are currently carried with the Tobacco products. However, this would need to be discussed further, as these products usually also require a food permit since they are mostly edibles. This discussion will be continued to a future meeting, after Mr. Griffin gets more information.

TOBACCO AGENT UPDATES
Mr. Griffin told Board members that he will be going out to Tobacco retailers at the end of this week to conduct compliance checks and get updates on State license statuses. All State licenses must normally be renewed by September 30th. However, due to Covid-19, a one-month extension was put into place this year and State licenses have expired on October 31st. Mr. Griffin will be visiting retailers to make sure their licenses have been renewed by the deadline and will update the Board at the next meeting, scheduled for November 17, 2020.
